

Bio - Frances Edmonds BSc. Hons, Dip H&S, CRSP

Frances started her career in the UK Government as an enforcer of environmental health and safety requirements. ON moving to Canada Frances worked in the chemical & pharmaceutical industries as Canadian manger of environmental health & safety, before joining HP 5 years ago.

Frances has worked in a number of areas for HP including environmental health & safety; currently she is HP Canada's Director of Environmental Programs. Frances assisted HP Canada in launching its hardware takeback program and its Ink jet recycling program and is currently working with many Canadian jurisdictions to develop end of life management systems for electronics.

Frances has worked with EPSC (Electronic Product Stewardship Canada) from its first meeting over 3 years ago and today is a board member & chair of the advisory committee for EPSC.

Frances has a degree in Environmental science from Bradford University (UK), a post graduate diploma in Occupational Health & Safety, and is a Canadian Registered Safety Professional (CRSP)
